

SAVE THE DATE - UPCOMING FBNS!!

Frontiers in Bio-Nano Science (FBNS) symposium is an ARC Centre of Excellence in Convergent Bio-Nano Science & Technology (CBNS) event for the generation of proactive scientists and innovators to discuss ideas, share their skills and grow their careers. This unique one-day symposium will provide a relaxed and inspiring environment for **CBNS final year PhD students** and **EMCRs**. Showcase your **research**, spark opportunities for **collaborations** and engage with our invited speakers and panellists. Join this inspiring event to **transform** your idea into **innovation**.

FBNS Symposium
